## Report on Student Induction Program

20/09/24 to 01/10/24

### **Introduction**

An induction program for newly admitted engineering students was conducted by Applied Science and Humanities department to help them acclimatize to the new academic environment, foster a sense of community, and provide essential skills and knowledge. The program was conducted in accordance with the AICTE guidelines and included a variety of activities and sessions aimed at holistic development of students. Such program offers numerous benefits to new students, helping them transition smoothly into their academic journey. Here are some key advantages and outcomes:

**Familiarization with the Institution:** The induction program helps students get acquainted with the college environment, facilities, and resources, making them feel more comfortable and confident.

**Building Bonds:** It encourages interaction among students, fostering friendships and a sense of community. This bonding extends to faculty members, creating a supportive network.

**Understanding Institutional Culture:** Students learn about the ethos, values, and culture of the institution, which helps them align with the college's expectations and standards.

**Holistic Development:** The program includes activities like physical exercise, creative arts, and literary activities, promoting overall development beyond academics.

**Mentoring and Guidance:** Students receive mentoring on universal human values and life skills, which aids in their personal growth and ethical development.

**Addressing Academic Gaps:** Induction Program often includes proficiency modules to help students bridge any gaps in their knowledge, particularly in areas like English communication and basic sciences.

**Exposure to Eminent Personalities and Alumni:** Lectures and workshops by industry experts and eminent personalities provide valuable insights and inspiration.

**Local Area Familiarization:** Visits to local areas and important places help students get to know their new surroundings better.

Overall, the Induction Program is designed to create a smooth transition for new students, ensuring they are well-prepared for their academic and personal journey in engineering.

Details of programs conducted:

### Day 1: Inauguration Program and Orientation

**Event:** Inauguration Program and Orientation

**Chief Guest:** Dr. S. C. Jirapure, Principal, DRGITR, Amravati

**Details:** The induction program commenced with an inauguration ceremony. Principal Dr. S. C. Jirapure delivered an inspiring speech emphasizing the importance of engineering education and the opportunities it offers. Then students excelling in previous year university exams were felicitated with a memento. Later in the session first year department head Dr. S. D. Thakre conducted an orientation session where he guided students about lectures and practical structure, exam schemes, college rules, regulations. The event set a positive tone for the week ahead.

### Day 2: Department Visit

**Event:** Department Visit

**Details:** Students were taken on a guided tour of all the departments in the institute. They visited key facilities such as the library, laboratories, sports complex, and student activity centers. This tour helped students familiarize themselves with the institute layout and available resources.

### Day 3: Campus Tour

**Event:** Campus Tour

**Details:** The tour was organized on 24/09/24 to familiarize first year students with the facilities, resources, and culture of the campus. The students visited to all the colleges and hospital. They were given information about various academic, recreational, residential and medical facilities and services available for them in the campus. The campus tour successfully introduced newly admitted students to the college's environment, helping them feel welcomed and prepared for the academic year ahead.

### **Day 4: Guest Lectures**

**Event:** Guest Lecture on “Developing a Positive Mindset”

**Speaker:** Prof. Suraj Here, Motivational Speaker

**Details:** The lecture focused on the importance of maintaining a positive outlook in life and studies. The speaker shared practical tips and strategies to develop and sustain a positive mindset. Techniques such as visualization, affirmations, and gratitude practices were discussed.

### **Day 5: Expert Lecture**

**Event:** Guest Lecture on “Communication Skills”

**Speaker:**

**Details:** This lecture focused on the importance of effective communication in both academic and professional settings. The speaker provided tips on improving verbal and non-verbal communication skills. Topics covered included active listening, body language, and public speaking techniques.

### **Day 6: Expert Lecture**

**Event:** Guest Lecture on “Stress Management in Life”

**Speaker:** Dr. Dr. S. C. Jirapure, Principal, DRGITR, Amravati

**Details:** This session addressed the common stressors faced by students and provided effective techniques for managing stress. Principal sir emphasized the importance of mental health and well-being. Techniques such as mindfulness, time management, and relaxation exercises were highlighted.

### Day 7: Competitions

#### Event 1: Debate Competition

**Details:** Students participated in debate competition, which encouraged critical thinking and public speaking skills. Topics were related to current technological advancements and their impact on society. The competition was judged by a panel of faculty members, and students were evaluated on their argumentation, clarity, and presentation skills.

#### Event 2: Singing Competition

**Details:** A singing competition was organized to showcase the musical talents of the students. This event provided a platform for students to express themselves creatively and fostered a sense of amity. Participants performed a variety of genres, and the event concluded with a group performance by all participants.

### Day 8: Guest Lecture/ Competition

#### Event 1: Guest Lecture on “Competitive Exams”

**Speaker:** Mr. Rohit Shrivastava, Founder Core Competitive Hub

## Department of Applied Science and Humanities

**Dr. S. D. Thakre**  
Head of Dept.

**Dr. S. C. Jirapure**  
Principal

**Details:** The final guest lecture of the week covered strategies for preparing for competitive exams. The speaker discussed various exams relevant to engineering students, such as GATE, GRE, and CAT, and provided insights on how to excel in them. Tips on time management, study resources, and exam-taking strategies were shared.

### **Event 2: Poster Making Competition**

**Details:** The poster making competition allowed students to display their artistic skills. The theme was related to latest engineering issues and students created posters that highlighted various engineering innovations and their potential impact. The competition encouraged creativity and teamwork, as some students worked in pairs or small groups.

Conduction of Bridge Lectures

Poster making competition

### **Bridge Courses**

#### **Event: Bridge Courses**

**Details:** Bridge courses were conducted to help students bridge the gap between high school and college-level academics. Subjects covered included Mathematics, Physics, Engineering

Graphics, Chemistry and Electrical Engineering. These courses aimed to strengthen foundational knowledge and prepare students for the rigorous engineering curriculum.

### **Conclusion**

The one-week induction program was a comprehensive and enriching experience for the first-year engineering students. It not only helped them become accustomed to the new environment but also equipped them with essential skills and knowledge. The program successfully fostered a sense of community and set a strong foundation for their academic journey.

S. No.	Date	Time	Activity / Topic	Details / Speaker
1	20-09-2024	11.00 am to 12.30 pm	Inauguration and Address by Hon'able Principal, All HODs and felicitation of toppers	Dr. S. C. Jirapure, Principal DRGITR, Amravati
		12.30 pm to 1.30 pm	LUNCH BREAK	
		1.30 pm to 3.00 pm	Address by FE HOD (Courses, HODs, Faculty, Enrolment, Exam)	Dr. S. D. Thakre, HOD, Dept. of Applied Science & Humanities
2	23-09-2024	11.00 am to 12.30 pm	EM & Phy (Sec A & Sec B) + EE & EG (Sec C & Sec D)	NNM & ABM (Group A) + KST & AGB (Group B)
		12.30 pm to 1.30 pm	LUNCH BREAK	
		1.30 pm to 3.00 pm	Tour of all departments (Innovations, Projects), Library and Workshop	All Faculties (Classwise)
3	24-09-2024	11.00 am to 12.30 noon	EM & Phy (Sec B & Sec A) + EE & EG (Sec D & Sec C)	NNM & ABM (Group A) + KST & AGB (Group B)
		12.30 pm to 1.30 pm	LUNCH BREAK	
		1.30 pm to 3.00 pm	Campus Tour	All Faculties (Classwise)
4	25-09-2024	11.00 am to 12.30 noon	Developing a Positive Mindset/Time management etc	Mr. Suraj Here, Motivational Speaker
		12.30 pm to 1.30 pm	LUNCH BREAK	
		1.30 pm to 3.00 pm	M-I & M-II (Sec A & Sec B) + EE & M-II (Sec C & Sec D)	HAN & ABM (Group A) + KST & ADN (Group B)
5	26-09-2024	11.00 am to 12.30 noon	Proficiency - Effective Communication Skills	Mr. Sachin Raut
		12.30 pm to 1.30 pm	LUNCH BREAK	
		1.30 pm to 3.00 pm	M-I & EM (Sec B & Sec A) + EE & M-II (Sec C & Sec D)	NNM & MPK (Group A) + KST & ADN (Group B)
