INTRODUCTION: -

Institute work in rural areas, adopted villages and schools to serve the cause of society through education and health awareness programs. Along with academic, social and personal life, the institute allows the students to contribute services to the community and the Nation. The college provides the students a platform to get involved with real life activities and thereby become responsible citizens of India.

Objectives: -

- 1) Identify the needs and problems of the community and involve them in problem solving processes.
- 2) Understand the community in which the volunteers work.
- 3) Develop in them a sense of social and civic responsibility.
- 4) Utilize their knowledge in finding practical solution to individual and community problems.

Context: -

In the past few decades, the government has launched and implemented various welfare, upliftment schemes and awareness programs for the rural people. But due to lack of effective execution and result oriented mechanism, the desired goal couldn't be achieved. The overall progress of the villagers living in remote areas is still restrained by various factors. Our institute implemented the regular activities in adopted villages as well as prepared new activities like special camps in rural areas to develop education among rural poor youth. Students of our institute conducted a wide range of activities like cleanliness programs, special camp, surveys, observance of important days and awareness campaign.

Practice: -

The vision of the institute is to develop the center of academic excellence in the field of higher education for students and equip them to be good responsible citizens of the Nation. The Institute annually organizes a number of extension activities with primary focus on the development of personality of students through community services. Activities like special camp, awareness rallies, Street Play, cleanliness drive, Blood donation camp, Health checkup camp, Plantation in the college as well as outside college etc. are organized by the institute. Health checkup camp, Eye checkup and Yoga training is conducted for the students and nearby villagers.

Evidence of Success: -

- 1) The participated students appeared more sensitized and motivated as their participation in other social activities, conducted by college, was enhanced.
- 2) To raise the water table of the region, our students constructed bandhara along the stream which was beneficial to the villagers for agriculture.
- 3) Medical health checkup and blood donation camp create among the volunteers a sense of social responsibility, residential camps build a competency for group living and community sharing.
- 4) A change in villager's attitude towards cleanliness was clearly evident.
- 5) Call and invitations were received from the villagers to the college to organize more training and guidance sessions on Yoga and Medical Camp.
- 6) Appreciation Letters were received from various bodies.

Problems Encountered: -

- 1) Participation of the villagers was comparatively less during day time owing to their engagement in agricultural activities.
- 2) It seemed rather difficult to enlighten the villagers on the issue of superstitions and blind faith, especially women folk.

- **Activity:** - Construction of Small Dam
- **Date:** - 04/03/2023

Before Completion of Project

Before Completion of Project

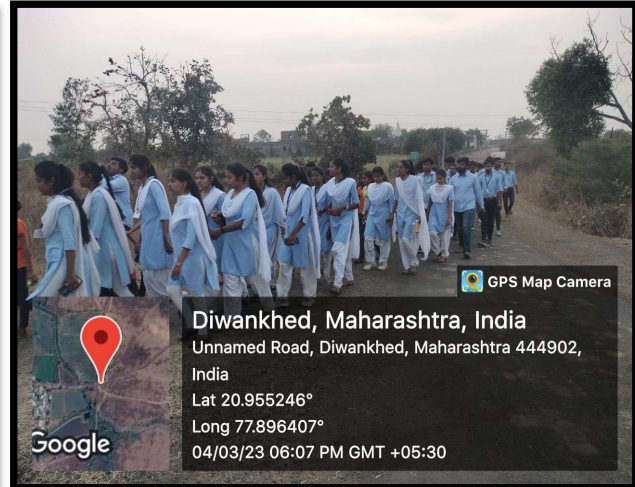

After Completion of Project

Such smaller dams are used for irrigation as well as stream diversion to a far-off storage reservoir. The main purpose is that small dams can prevent flooding by storing excess water and releasing it slowly. Water storage: Small dams can store water for use during the dry season. Water quality improvement: Small dams can improve water quality by allowing pollutants to settle before the water is released. Keeping in mind the objective of “Pani Aadwa Pani Jirwa”, the students constructed a dam near the Diwankhed village and thereby created a source of water in the village and helped raise the ground water level.

- **Activity:-** Awareness rally at Diwankhed Village
- **Date: -** 04/03/2023

The students took out Street Play and highlighted the issues of cleanliness, tree & water conservation and superstitions etc.

In the adopted village Diwankhed, the awareness rally was organized about cleanliness and health on 04/03/2023. The rally was arranged along with students of Jilha Parishad school, Diwankhed. During this rally, the students tried to explain the importance of cleanliness in day-to-day life.

अमरावती, प्रतिनिधि/दि. २४- इंदिरा बहुदेशीय शिक्षण संस्था के अध्यक्ष योगेन्द्र गोडे व डॉ. राजेन्द्र गोडे अभियांत्रिकी महाविद्यालय के रासेयो की संकल्पना से हर गुरुवार को महाविद्यालय के कर्मचारियों को योग प्रशिक्षण देने का नियोजन किया गया. इस निमित्त १७ सितंबर को योग प्रशिक्षण का उद्घाटन महाविद्यालय के प्राचार्य डॉ. प्रमोद पाटील की अध्यक्षता में किया गया. इस समय प्रमुख अतिथि के रूप में योग अभ्यासक प्रियंका गोवारे, व प्रथमेश तायडे उपस्थित थे.

प्राचार्य डॉ. प्रमोद पाटील के मार्गदर्शन में आयोजित इस कार्यक्रम की सफलतार्थ महाविद्यालय के रासेयो प्रमुख प्रा. धीरज कल्याणकर प्रा. अश्विनी नाखले, प्रा. प्रथमेश पाटील, प्रा. सागर गलगट व प्रा. धनंजय देशपांडे ने योगदान दिया.

The purpose of Yoga is to increase public awareness of the various advantages of yoga practice. Yoga practices focus on bringing harmony between mind and body as also between human being and nature. Yoga helps in attaining psycho-physiological wellbeing, emotional balance and helps to handle routine stress. Keeping these benefits in the mind, we have started the activity of yoga weekly on every Thursday. Student and faculties were participated and performed the yoga to relieve physical and mental stress.
